

JANUARY 2022

NEW LIFE OPPORTUNITY

They are only a few of the countless children who came here unable to read or write. However, as doors of opportunity opened for them, they were now able to learn not only reading and writing, but also all of life's essentials.

Seeing them accept the Lord Jesus Christ as their personal Savior encouraged us to serve and do much more for the Lord, because they are the fruits of the prayers and hard work of those who devote their lives and service to the Lord, and we are grateful to you for being one of them.

Jhoana came when she was 4 and is now 21 years old. As she grew up here; her life became a blessing in the ministry as she allowed God to use her abilities and talent. She is part of the Rondalla and plays piano and violin as well. While in her third

year of a Bachelor of Secondary Education program, she helps in teaching in the academy to practice her skills. And since she is a grown up lady now, she becomes one of the room's guardian to train more girls who will follow God's leading.

ANTON & JOSE

Anton came here with his brother Jose when he was 13. He is a faithful man who helps us with our daily necessities, especially during this pandemic, and one of our church song leaders. His talent and skills were not wasted because he allows God to use it for His Glory. Growing up in this kind of ministry, he also felt the burden for those unfortunate children back in his hometown. As his sense of responsibility grows, he prays and volunteer himself to the Lord to establish an orphanage in his hometown once he is ready.

Jose, a now 21-year-old young man, came here when he was 9 years old. He is currently enrolled in college, studying for a bachelor's degree in Technical Teacher Education. His "always available" attitude puts him in

in the ministry and becomes God's way of molding him into the person God desires him to be. He is just one of the countless lives that have been transformed as a result of their willingness to follow God's leading through this ministry.

BUILDING UPDATE

Though this pandemic has slowed us down in our construction, we are still able to make a progress by God's grace. We are installing floor tiles on the 4th floor and finishing up. We also have several brand new bathrooms in the school building. We thank God for you for your continued partnership.
